**Subject: Access to Baby and Child Dentistry (ABCD): Third-Party Insurance Payments
to be Deducted Prior to MAA's Payment**

Effective for dates of service on and after November 1, 2004, the Medical Assistance Administration (MAA) will deduct third-party insurance payments for all ABCD services prior to paying ABCD claims.

Prior to the establishment of nationwide HIPAA codes, the ABCD program used state-unique codes for certain services provided to clients. Third-party insurance payments for these codes were not deducted prior to MAA's payment. Therefore, some ABCD providers received MAA's proper reimbursement amount in addition to full reimbursement from third-party insurance.

Effective for dates of service on and after November 1, 2004, MAA will process ABCD claims consistent with other MAA claims with third-party insurance payments; the insurance payment will be deducted prior to any MAA payment.

If the total insurance payment exceeds the MAA maximum allowable fee, MAA considers the claim paid in full by insurance. If the total insurance payment does not exceed the MAA maximum allowable fee, MAA will reimburse the provider the difference between the maximum allowable fee and the insurance payment.
